Education

Vellore Institute of Technology, Vellore

2023 – Present

BTech in Computer Science and Engineering (Information Security)

- CGPA: 9.15/10.0

Apeejay School Nerul

2020 – 2023

Secondary Education

Experience

Cybersecurity Intern

Mumbai, Maharashtra

Abhita Aerospace

May 2026 - July 2026

- Performed vulnerability assessments across web applications and networks.
- Conducted web application security testing and network security analysis.
- Supported security monitoring and documented findings for remediation.

AI-ML Intern

Mumbai, Maharashtra

Reliance - New Energy

June 2025

- Collaborated with teams to refine requirements for energy data systems.
- Built and evaluated hybrid retrieval models for accurate domain-specific queries.
- Delivered insights through dashboards and demos to support data-driven decision-making.

Projects

SentinelAI (AI-Powered SOC Analyst)

[SentinelAI](#) 

- Built an AI-powered SOC platform integrating Splunk, Elasticsearch, and Wazuh for threat analysis.
- Implemented LLM-assisted alert investigation with MITRE ATT&CK mapping and incident summarization.
- Developed a modular React dashboard with security workflows and real-time analytics visualizations.

Video Frame Reconstruction

[Video Reconstructor](#) 

- Reconstructed shuffled video frames using graph optimization and minimum spanning tree algorithms.
- Leveraged OpenCV and parallel processing to improve frame sequencing efficiency and scalability.
- Evaluated reconstruction accuracy through similarity scoring and automated performance benchmarking.

SecureSense

[SecureSense](#) 

- Developed a secure document analysis platform using FastAPI, LangChain, and Ollama.
- Integrated Elasticsearch to enable semantic search and efficient retrieval across indexed documents.
- Engineered REST APIs supporting secure querying, modular workflows, and scalable backend services.

Skills

Programming: Python, C, C++, SQL

Technologies: AWS (Lambda, ECS, DynamoDB), REST APIs, Git

AI/ML: TensorFlow, PyTorch, Pandas, NumPy, Machine Learning, NLP

Soft Skills: Collaboration, Communication, Adaptability

Languages Known: English, Hindi, Marathi

Certifications

IBM Gen-AI [IBM GEN-AI Certificate](#) 

Supervised Machine Learning (Stanford/DeepLearning.AI) [Supervised Machine Learning Certificate](#) 

Advanced Learning Algorithms (Stanford/DeepLearning.AI) [Advanced Learning Algorithms Certificate](#)
